BACKGROUND & PURPOSE

Background
According to the U.S. Department of Health and Human Services, one in five children and adolescents experience a behavioral health problem during their school years. And it is recognized that most children and youth spend much of their time at school and therefore, school is a natural setting and provides an opportunity to reach many students experiencing behavioral health related challenges. School behavioral health services offer a layered, multi-tiered array of services, providing a strong foundation for all students, including interventions focused on students who are at high risk for behavioral health problems; and intensive services for the few who require that level of service and support. School behavioral health supports the learning mission of schools through a focus on reducing the barriers to learning.

The purpose of the Comprehensive School Behavioral health model is to provide school-based behavioral health services in District of Columbia Public Schools (DCPS) and District of Columbia Public Charter Schools (DCPCS). This includes prevention, early intervention and treatment services as defined in the public health model.

Definitions
Community Based Organization (CBO) – a provider agency within the behavioral health sector designed to provide prevention, early intervention, treatment, and continuity of care in communities, addressing community needs and positively impacting population health.

Comprehensive School Behavioral Health Model – is a coordinated behavioral health system designed to create a positive school culture that promotes mental wellness and provides timely access to high-quality services for children, youth, and their families. The model uses a public health model approach as its organizing framework of

promotion and primary prevention for all; focused group/individual interventions; and intensive treatment and support.

Comprehensive School Behavioral Health System – a strategic collaboration between school personnel, community behavioral health providers, students and families to create a positive school culture that provides timely access to high-quality, reliable supports for children, youth, and their families. Teams offer a full array of trauma-informed, culturally responsive, evidence-based tiered interventions to promote wellness, identify challenges early, and offer treatment services required so that all children and youth succeed and thrive.

Behavioral Health Coordination Team – comprised of representatives from all health-related organizations in the school and appropriate school health personnel. Team Lead will be assigned by principal. Team is responsible for ensuring data and updates are provided to DBH to inform the Coordinating Council on School Behavioral Health.

Behavioral Health Prevention Specialist – is a provider within DBH School Behavioral Health who delivers prevention services and has a bachelor's degree and/or five (5) years of experience in youth development work. These prevention services may include implementing whole classroom prevention presentations, implementing evidenced-based/evidenced-informed and manualized curriculums. A Prevention Specialist within DBH School Behavioral Health may be unlicensed. The Prevention Specialist receives weekly supervision and is supported in linking students and families to additional services beyond the prevention level as needed.

School Behavioral Health Clinician – an individual licensed by the DC Department of Health to provide mental health treatment services. This includes Licensed Independent Clinical Social Workers (LICSWs), Licensed Professional Counselors (LPC), Licensed Psychologist, Licensed Marriage and Family Therapists (LMFT), Licensed Graduate Social Workers (LGSW), Licensed Graduate Professional Counselors (LGPC), and Psychology Associate

Fiscal Year – the District Government's fiscal year runs from October 1– September 30.

Continuous Quality Improvement (CQI) – ensures a data-driven program implementation process.

Description and Examples of Multi-tiered School-based Services

1. **Promotion and Primary Prevention Services and Supports (Tier 1)**
    a. All students within the school community will receive these services.
    b. The goal of these activities will be to create a positive school climate that reinforces positive behaviors, supports resiliency and

recovery among students, and reduces stigma related to mental illness.

c. Emphasis is placed upon the promotion of pro-social skill development among children and youth.
d. Program examples of school staff support include staff professional development, behavioral health/educational presentation (e.g. social skill building) for students, staff or parents/guardians and evidence-based or evidence-informed school-wide or classroom-based programs.

2. **Focused Interventions (Tier 2)**
    a. Some of the school's population is likely to require these services.
    b. These services and supports are delivered to children and youth who have risk factors that place them at elevated risk for developing a behavioral health problem.
    c. These children have social/emotional challenges, behavioral symptoms and/or behavioral health needs that may not be severe enough to meet diagnostic criteria. Students participating in Tier 2 services are not students that are already receiving Tier 3 services. or eligibility for special education services.
    d. Behavioral health clinicians will provide consultation and support to teachers and school staff to develop child/youth-specific strategies to address identified educational or behavioral concerns.
    e. These interventions could include involvement in skill building groups such as social skill development or anger management groups.

3. **Intensive Support (Tier 3)**
    a. A few members of the school population are likely to require individualized treatment to assist the child/youth to improve functioning in school, home and community.
    b. This level of care is designed for students who have active behavioral health symptoms that meet diagnostic criteria.
    c. Program examples include evidence-based or evidence-informed individual, group or family treatment services and crisis intervention.
    d. These services may be offered on-site at the school or in the home/community at the discretion of the parents/guardian of the child.

DC Public Schools (DCPS) Application and Vetting Process

DCPS requires CBOs to complete an application and obtain approval from the DCPS Central Office review panel to be considered for providing school-based behavioral health services in any DCPS school building. Once vetted/approved, a CBO obtains a Memorandum of Agreement (MOA) with DCPS to deliver school-based behavioral health services.

For CBOs that are applying for this this grant opportunity, it is appropriate and efficient that before or at the same time of responding to this Request for Application that CBOs contact Ms. Carla Hall, Director, School Mental Health Expansion, DCPS Student Supports Division via email at Carla.Hall2@K12.dc.gov to request and begin the DCPS application and vetting process to ensure that service delivery can began immediately after award notification.

DC Public Charter Schools (DCPCS) Memorandum of Agreement Process

DBH provides resources to the Local Education Agency (LEA) for consideration in the development of a Memorandum of Agreement (MOA) between the LEA and CBO grantee.

Purpose

DBH will allocate funding to develop and further expand the District's Comprehensive School Behavioral Health System in the District's schools. The school behavioral health services will be aligned with the behavioral health unmet needs/gaps within the school. The array of services includes prevention, early intervention and treatment. Additionally, the selected CBOs will participate in the overall evaluation of the implementation.

Each School Behavioral Health Program (SBHP) licensed clinician and will partner with the school behavioral health team to develop the school-centric assessment and School Strengthening Work Plan (SSWP) for the school to incorporate the following:

1. At a minimum, clinicians are required to meet with the school wellness or behavioral health team on a bi-weekly basis throughout the school year. If the team meets less frequently than bi-weekly, the clinician must notify their supervisor. Should the reduced meeting frequency persist, the supervisor must report the matter to the assigned clinical specialist.

2. Within 90 days of the start of the school year, or within 90 days of a new school placement, clinicians are required to complete a minimum of three activities designed to support engagement and integration within the school community. Acceptable engagement activities may include distributing a school leader approved introduction letter with a photograph to parents and staff, conducting classroom introductions, or delivering introductory presentations at a school wide event such as Back-to-School Night, PTA meetings, resource fairs, and/or Parent-Teacher conferences.
3. **Tier 1 - Prevention Programming**: Clinicians are required to implement prevention programming throughout the academic year (September through

May) in alignment with the needs identified in the School-centric Assessment and the School Strengthening Work Plan (SSWP). Programming should be differentiated by grade level and/or content area and must be revised at least quarterly. A minimum of 24 sessions is required by the end of the school year, addressing the District's priority areas of substance use, suicide, and violence prevention through the designated evidence-based programs (Ask for Help, SOS, LINA, TGFD, TGFV, Kimochis, and/or any DBH identified programs). At least one evidence-based program must be implemented with fidelity. Any proposed modifications to the programming outlined in the SSWP must be reviewed and approved by the supervisor.

4. **Tier 2 - Early Intervention Programming**: Clinicians are required to implement a minimum of two early intervention groups (minimum of 4 students) during the school year. Each group must convene on a weekly or biweekly basis and consist of no fewer than six sessions each. (Note: Students in the early intervention group are to be distinct from the students on the clinician's caseload.)

5. **Teacher Workshops**: Clinicians are required to conduct a minimum of one teacher workshop per quarter. In instances where the school does not permit staff workshops nor professional development sessions to be facilitated by the clinician, the clinician must notify their supervisor, who will subsequently inform the assigned clinical specialist. (Note: During the summer months is an effective time for supervisors and clinicians to speak with the school's principal regarding areas of interest and timing of when the clinician can be scheduled within the Professional Development schedule.)

6. **Parent Workshops**: Clinicians are required to conduct a minimum of one parent workshop per quarter. (Note: During the summer months is an effective time for supervisors and clinicians to speak with the school's principal regarding areas of interest and timing of when the clinician can provide parent workshops.)

7. **Tier 3 – Caseload**: Clinicians are required to maintain a treatment caseload of at least 15 students and a maximum of 20 students for the majority of the academic year. Clinicians must meet with all assigned students in accordance with their individualized treatment plans. (Note: Students and Families are to be offered the full array of individual, family, group treatment modalities.)

At a minimum frequency of weekly, implement multiple prevention programs in multiple classrooms with the goal of providing every classroom in the school with at least one evidence-based program in the academic year (September through May). There is to be a change in programming conducted at a minimum frequency of quarterly. The programming should vary in both grade level and/or content. If using an established evidenced based program, the program is to be completed with fidelity. Any changes to programming that are identified on the School Strengthening Work Plan should be discussed with the supervisor.

4. At a minimum provide 8-10 prevention sessions per week across a minimum of two schools throughout the academic year.

5. All new SBH Providers, Prevention Specialists and supervisors will attend the SBHP 101 training within the first 90 days of hire.

Attachment H Fiscal Helpful Hints

Fiscal Helpful Hints

To assist you in the submission process, Fiscal has prepared a few general tips to keep in mind:

- **All Fields should be completed** (Funding Source, Project Title, Start/End Date and Organization Name).

BUDGET CATEGORIES:

- **Personnel (Salaries and Wages):** Compensation should be calculated using the Annual salary for each position. Personal services include all remuneration, paid currently or accrued, for services of employees rendered during the period of performance under this award. The "Level of Effort" (LOE) the position will devote to the project is expressed as a percentage. Remember to consider other grants the staff may be listed on in order not to exceed 100% across all grants.

- **Personnel Justification:** Should include a detail description of every position listed and the following calculation: % full time equivalent (FTE) x number of hours x hourly rate = Salary
  Examples:
  Keisha Smith, Outreach worker - 1.0 FTE, 2,080 hours@ 30, 00/hr. = $62,40
  Henry Clay, Program Director . 36 FTE, 749 Hours@ 60.08 = $44,999.92 There are 2,080 work hours in a year. By providing this information, you know you have properly calculated the amount in this budget category, and this can also be helpful when invoicing monthly.

- **Equipment:** Tangible personal property (including information technology systems) having a useful life of more than one year and a per-unit acquisition cost of at least $10,000. Special purpose equipment are allowable as direct costs, provided that items with a unit cost of $10,000 or more have the prior written approval of the awarding agency or pass-through entity.

- **Supplies & Minor Equipment:** Should include materials and supplies for specific program efforts, including costs of computing devices .

- **Contractual Services:** Costs of professional and consultant services rendered by persons who are members of a particular profession or possess a special skill.

- **Miscellaneous Other Costs: Includes costs not identified in other budget categories, e.g., occupancy, communications, client costs/participant support costs.** The cost is allocable to a particular award or other cost objective if the goods or services involved are chargeable or assignable to the award or cost objective in accordance with relative benefits received.

  This standard is met if the cost:
  1) incurred specifically for the award;
  2) can be distributed in proportions that may be approximate using reasonable methods
  3)is necessary to the overall operations in accordance with the principles in this subpart.

- **Indirect Costs:** Indirect costs are those costs incurred for common or joint objectives which cannot be readily identified with an individual project; but are necessary to the operations of an organization.
  Indirect Costs may be charged to the award if:

  Grantee has a federally approved indirect cost rate; or

  Grantee has never received a negotiated indirect rate and elects to charge a de minimis rate of 10% (locally funded grants and 15% federally funded grants) of modified total direct costs (MTDC).

  The MTDC indirect cost rate may be applied to:
    - All direct salaries and wages charged to the award;
    - Applicable fringe benefits;
    - Materials and supplies;
    - Services
    - Travel
    - Sub-contracts (first $50,000 of each sub-contract).

The MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition reimbursement, scholarships and fellowships, participant support costs, and the portion of each sub-award in excess of $50,000.

- **Advance Payment Request** should not exceed 25% of the total direct cost.
    a. Advances shall not exceed one month/30 days or 25% of the total grant award.
    b. The purpose of advance funding is to assist the grantee with start-up funding for the first month of the grant.
    c. Only one advance payment can be made per grant. If an advances payment is needed in subsequent years, it must be for new deliverables requiring start-up funding.

Attachment I – Organization Risk Self-Assessment

Organizational Risk Self-Assessment

DBH assesses the risk of applicants and grantees. This Organizational Risk Self-Assessment tool will assist in this process. This form is to be completed by the Executive Director, Board Chairperson or a delegate knowledgeable of the organization's current and past capabilities, performance and risks.

A final risk assessment by DBH will assign a rating (high, medium or low risk) in order to develop a risk-based monitoring plan for your grant(s).

Please answer the questions as best as you can. Do not leave blanks. Any "NA" (Not Applicable) response will require an explanation on this form.

1. The Grantee shall not start any activity, expend funds, or request reimbursement for expenditures unless there is a fully executed Agreement and purchase order issued by DBH to the Grantee.
2. Each Grant Agreement shall not exceed a 12-month time period notwithstanding multi-year project periods. The project period is the total time DBH has programmatically approved a project (federal/local) for support.
3. Each Grant Agreement and budget period is usually 12 months long. However, shorter or longer budget periods may be established for programmatic or administrative reasons. The budget period will be indicated on the NOGA and will show the total approved budget for the applicable budget period.
4. The Grantee shall provide services and conduct activities for the purpose established by the terms of the Agreement and the authorizing fund source, which is located on the NOGA and purchase order assigned to the award.
5. Following the completion of the base year Grant Agreement, DBH may exercise any allowable option years and execute a continuation NOGA for each subsequent budget period, subject to satisfactory performance of the Grantee, Grantee eligibility and the availability of funding.
6. The project period, budget period and allocations of funding in each period shall be outlined in the NOGA. The fund source (e.g., federal or local funds administered by DBH) will also be stated in the NOGA. The total obligation by DBH under the grant shall not exceed the amount stated as maximum amount for the planned project period. The total award amount shall be apportioned by budget period outlined on the NOGA. The Grantee shall not exceed the amount of the total award that is apportioned to the budget period. The Grantee's spending plan must reflect the

funding obligations and approved apportionments for the budget period, unless Grantee submits a written request for a deviation from the spending plan and such request has received approval from the assigned Project Director/delegate. Option years beyond the planned project period shall be considered for this award based only on the availability of source funding, additional funding and the satisfactory performance of the Grantee.

10. The Grantee must supplement, not replace, deliberately reduce or reallocate (supplant) non-grant funds due to the existence of funding available for this award. Grantees must ensure that funds do not supplant resources that have been budgeted for the same purpose through other sources. Applicants or award recipients may be required to demonstrate and document that a reduction in resources for programs occurred for reasons other than the receipt of grant funds.
11. The Grantee shall establish a system of accounting that ensures that funds awarded under the NOGA are not commingled with other funding sources (i.e., same funding source as another NOGA, similar service area). Where the Grantee's accounting system cannot comply with this requirement, the Grantee shall establish a system to provide adequate funding accountability for the program.
12. The Grantee shall establish a system of accounting that tracks program income generated though the grant award. All Grantees that generate program income must comply with 2 CFR 300.218 and 2 CFR 200.307 (as applicable) and report any program income to DBH on all invoices submitted.

Substance Abuse and Mental Health Services Administration (SAMHSA) Grant Award Standard Terms and the United States Department of Health and Human Services (HHS) Grants Policy Statement

To the extent these conflict with the DBH Grant Terms and Conditions, the SAMHSA Award Standard Terms and the HHS Grants Policy Statement control.

Communication of a Material Change

The Applicant and the Grantee shall advise DBH immediately orally and thereafter in writing when a material condition of the Application or performance of the grant has changed. Examples of material changes in condition may include, but are not limited to, the following:

1. The loss of a staff member proposed as a principal;
2. The lack of funds to pay bills incurred for the grant's activities;
3. The expenditure of granted funds for non-granted activities, materials, or supplies;

5. The Grantee's insurance coverage has been reduced; or
6. The Grantee has been notified of a cancellation in whole or in part of its insurance.

Compliance as a Continuing Condition of Eligibility

The Applicant must continue to comply with these terms of eligibility as noted in the NOGA during the project period if awarded a grant. If as the Grantee, the Applicant fails to comply with the terms and conditions of this award, DBH may suspend, terminate, take other

DBH's ability to provide funds is, and shall remain subject to, the provisions of:

1. The Federal Anti-Deficiency Act, 31 U.S.C. §§ 1341, 1342, 1349, 1351;
2. The District Anti-Deficiency Act, D.C. Official Code § 47-355.01-355.08; and

When documentation of a grant match is required:

1. In support of an application, the applicant must provide a line item budget and budget narrative including the match for the proposed project; and
2. In support of an award, the Grantee must provide the following, which must be acceptable to DBH, unless DBH revises or waives the requirement in writing:
    a. Documentation of in-kind match, including, for example, services of an employee. These services must be valued at the employee's regular rate of pay plus an amount of fringe benefits that is reasonable, necessary, allocable, and otherwise allowable. The value of donated space must not exceed the fair rental value of comparable space as established by an independent appraisal of comparable space and facilities in a privately owned building in the same locality.

Bonding Requirements

A bond is not required of the Grantee unless DBH states the requirement in writing. If DBH does require a bond, the Grantee before accepting the grant must secure the bond in an amount no less than the total amount of the funds awarded, against losses of money and other property:

1. Caused by fraudulent or dishonest act, and
2. Committed by an employee, board member, officer, partner, shareholder, or trainee.

Code §§ 44-552 *et seq*., D.C. Code §§ 4-1501.01 *et seq*., and 22-B DCMR Chapter 47, as applicable. DBH reserves the right to confirm the Grantee's compliance with any applicable statutes governing background checks for unlicensed personnel who work directly on the grant or sub-grant.

The grantee must provide upon request to DBH evidence of criminal background checks for all unlicensed personnel pursuant to the criminal background check requirements contained in District Official Code §§ 44-551 *et seq*., Unlicensed Personnel Criminal Background Check, and its implementing regulations, 22-B DCMR Chapter 47, as well as child abuse registry checks, for both the State(s) of residence and employment.

4. The Grantee's accounting practices must be consistent with 2 CFR Part 300, Subpart E, Cost Principles and support the accrual of cost as required by the cost principles and must provide for adequate documentation to support cost charged to the grant award.
5. The Grantee's payment request must include a signed invoice on organization letterhead with federal tax identification number and supporting documentation. The submittal to DBH must include:
    a. For employee labor: For the relevant billing period, a payroll report, with information drawn from an official book of record, like a payroll register, official time sheet or time card(s) approved by appropriate Grantee representative.

ii. For non-labor: invoices and receipts that identify or describe the invoiced item, showing quantity, rate or price, and for procured items including contractor and sub-grantee invoices, proof of payment.

7. In most circumstances, DBH will require documents supporting an accounting entry before releasing payment. Such information may include:
    a. General ledger screen shots or excerpts, showing paid bills or expenditures;
    b. Copies of cancelled checks or bank statements of electronic transfers;
    c. Statements from contractor, subcontractor and vendors that their bills have been paid; or
    d. Reports of on-site inspections or audits.
8. In certain circumstances, and at DBH's sole discretion according to its policy, DBH may provide a portion of grant funds for the Grantee's start-up costs as an advance payment.
9. Notwithstanding the above, DBH at its sole discretion may withhold payment if DBH determines that the Grantees failed to comply with term[s] of the grant award.

Fund Disbursement

1. DBH reserves the right to withhold any payment if the Grantee is found in non-compliance with the DBH Notice of Grant Award or the Grant Agreement, and fails to correct any deficiencies within a reasonable time frame as determined by DBH. DBH shall determine the extent of the payment to be withheld under this provision.
2. Deposit and Security of Funds - The Grantee shall account for and reimburse the District Government any interest earned on advance grant award payments no later than twenty (20) business days from the end of each DC Government Fiscal Year (September 30) and no later than thirty (30) business days after the expiration of the Grant Agreement.     a. Apparent and actual conflicts of interest;
    b. Contributing to a violation of the District's restrictions on gifts to District personnel;
    c. Contributing to a violation of the two-year ban on District personnel taking certain actions regarding a "particular matter" described in the District Ethics Manual;
    d. No Applicant/Grantee shall employ or retain a person or selling agency to solicit or secure this grant, a payment under it, or an amendment, upon an agreement or understanding for a commission, percentage, brokerage, or contingent fee. Except, an applicant or grantee may condition its compensation for a bona fide employee on grant-related job performance, and may retain an attorney for compensation permitted by the District's Rules of Professional Conduct; and
    e. With respect to grant funds, the Grantee and Grantee's employees, officers, or agents shall not solicit or accept a gift, gratuity, favor, or anything of monetary value from a contractor, subcontractor, vendor, party to a related agreement, or a beneficiary of this grant except as may be allowed under the District Ethics Manual for items that are unsolicited and of nominal value.

1. **Nothing in the Grant award shall be construed to create a contractual relationship between DBH and Grantee's contractor, subcontractor, sub-grantee, or vendor.**
2. Any grant-related work and/or activity that is contracted, subcontracted, or sub-granted is subject to applicable District and federal law and DBH review and approval. The Grantee shall give DBH advance notice of contracts, subcontracts, and sub-grants sufficient to allow DBH to determine whether its approval is needed, and if so, whether approval must come before Grantee's execution of the contract or sub-grant.
3. The Grantee's contract or sub-grant shall specify that the contractor or sub-grantee, and its contractors, subcontractors, or sub-grantees, shall be subject to the conditions and prohibitions of the Grant Award.
4. Warranties for labor and materials shall be obtained for purchases of materials and labor having an aggregate value of over $5,000. These warranties shall be valid for at

least two (2) years. DBH may waive this requirement in writing for demonstration of good cause or research grants.

5. If the Grantee, its contractors, subcontractors, or sub-grantees disturbs work guaranteed under another District contract or grant, the Grantee shall be responsible to restore the disturbed work to a condition comparable to its original condition and warranty such restored work, or alternatively pay the District for the damage.
6. No grantee shall use grant funds to procure services or materials from a vendor, contractor, or subcontractor that is suspended or debarred by the District or the federal government as may be found here: https://ocp.dc.gov/page/excluded-parties-list (DC), and here: https://www.sam.gov/SAM/ (Federal).

Patient Confidentiality

The Grantee shall ensure that its employees, volunteers and sub-awardees adhere to all applicable Federal and Local statutes and regulations addressing patient confidentiality, including HIPAA, the D.C. Mental Health Information Act and 42 CFR Part 2.

Establishing and Managing Sub-Awards

If the Grant authorizes or provides for sub-awards, as a pass-through entity, the Grantee must:

1. Be responsible for selecting sub-awardees and as appropriate conducting sub-award competitions. When using DBH or federal pass-through funds, the Grantee will establish a fair, open, transparent competitive process for the awarding of funds either through a contract, cooperative Agreement or grant instruments. A competition is a process that provides for the following:
    a. Notice of Funding has been publicized;
    b. Applications are easily available to all prospective applicants;
    c. Applications are reviewed in an objective manner against an established public scoring criteria; and
    d. Reviewers have no conflict of interest with any of the submitting applicant organizations.
2. Funds disbursed in a non-competitive manner may be disallowed and appropriate grant management sanctions issued.
3. The Grantee will submit for approval any Requests for Proposal or Requests for Applications before released.
4. The Grantee will submit for approval the unsolicited grant submission process before it is

announced.

5. The Grantee shall ensure that all sub-award agreements are in writing, meet all legal and regulatory requirements and address all of the elements for sub-award agreements identified in the NOGA.
6. The Grantee shall establish and follow a system for monitoring sub-awardee performance that includes elements required by the grant award, the SAMHSA grant award (if applicable) and this Appendix, and report the results of the monitoring in performance reports required by this document and/or the grant award.
7. The Grantee shall establish and maintain an accounting system that ensures compliance with the maximum funding limitation established in the grant award, the SAMHSA grant award (if applicable) and with the requirements for payment of costs under the grant. This includes establishment of written procedures for determining that sub-award costs are allowable under the terms and conditions of the grant award and this Appendix, and may provide for determinations on a pre-award basis, through ongoing monitoring of costs that sub-grantees incur, or a combination of both approaches, provided the Grantee documents its determinations.
8. The Grantee shall extend the Grant's DBH-approved indirect cost rate to payments made to a nonprofit sub-grantee or to a nonprofit contractor. Except that the following are excluded from this paragraph's requirement of this compensation structure: a foundation, hospital, college, and university.

Modifications of the Grant, including Extensions and Increases

The terms and conditions of the grant may be modified only upon DBH's prior written approval. The modification shall take the form of an amendment to the NOGA.

1. Through an amendment, DBH may*, inter alia,* increase or reduce the grant amount and/or extend or reduce the project period.
2. If DBH notifies the Grantee that a funding increase or an extension of the project period is available, the Grantee must apply for the increase or extension in writing according to the terms of the DBH notification.
3. All grantees must apply for no-cost extensions sixty (60) calendar days in advance of the grant's then-current end date. The application must justify the amendment, and include a description of proposed changes to scope, performance schedule, description of proposed outcomes, and budget.

Staffing Plan, Work Plan, Budgets and Organizational/Personnel Requirements

Upon signing the Grant Agreement, the Grantee shall have and maintain on file with DBH an approved staffing plan, work plan and budget. The Grantee must implement the funded program in accordance with requirements outlined in approved staffing plan, budgets and work plans. Any revision or alteration of these plans must have prior approval by the Project Director or his/her designee. Further:

1. The Grantee shall maintain a current organizational chart, which displays organizational relationships and demonstrates who has responsibility for administrative oversight and supervision over each priority service activity.
2. The Grantee shall ensure that adequate, competent and trained personnel are provided to oversee the implementation of the activities supported by the grant.
3. The Grantee shall ensure that personnel records, background checks (if applicable under the governing statutes or regulations), job descriptions, application for employment, licensing or certification criteria, descriptions of duties, hours of work, salary range and performance evaluation criteria are maintained in individual personnel records for staff assigned to the funded project.
4. The Grantee must maintain record of personnel actions, including time records, documentation of all training received, notation of any allegations of professional or other misconduct including a detailed description of the allegations, and if terminated, the date and reason for the termination from employment. All these personnel materials shall be made available to the Project Director upon request.
5. The Grantee shall provide orientation session for staff members that addresses the Health Information Portability and Accountability Act (HIPAA), the D.C. Mental Health Information Act (D.C. Code § 7-1201.01 *et seq.)*, 42 CFR Part 2 (if applicable), administrative procedures, program goals, cultural sensitivity, language access, conflict of interest, workplace sexual harassment policies and policies and procedures to be adhered to under the terms of the grant Agreement.
6. The Grantee must notify the Project Director if there is a change in staffing or operations management of the organization that impacts the project funded under the Agreement.
7. The Grantee shall seek approval of any changes in staffing plans or job descriptions for staff assigned to the grant.

Profit and Program Income Requirements for Commercial Organization Grantees All commercial organizations awarded DBH sub-grants funded in whole or part by the United States Department of Health and Human Services (HHS) shall comply with 2 CFR § 300.218 and any other applicable federal or District law or regulation governing profit and program income. Specifically, with the exceptions of grant awards made under the Small Business Innovation Research (SBIR) and Small Business Technology Transfer (STTR) programs, no HHS funds may be paid as profit to any for[-profit] commercial organization even if the grantee is a commercial organization. Profit is any amount in excess of allowable direct and indirect costs.

Except for grants for research, program income earned by a commercial organization may not be used to further eligible project or program objectives except in the SBIR or STTR programs.

Commercial organizations that receive awards (including for-profit hospitals) have two options regarding audits:

(a) A financial related audit of a particular award in accordance with Generally Accepted Government Auditing Standards issued by the Comptroller General of the United States, in those cases where the commercial organization receives awards under only one HHS program; or if awards are received under multiple HHS programs, a financial audit of all awards in accordance with Generally Accepted Government Auditing Standards issues by the Comptroller General of the United States; or
(b) An audit that meets the requirements of 2 CFR 200.501.

Commercial organizations that receive annual awards totaling less than the audit requirements of 2 CFR 200.501 are exempt from the audit requirements for that year. However, records must be available for review by appropriate officials of federal agencies or the Government Accountability Office.

Profit and Program Income Requirements for Non-Federal Entities
Pursuant to 2 CFR §§ 200.1 and 200.307, a non-federal entity (a state, Local government, Indian tribe, institution of higher education (IHE) or nonprofit organization that carries out a federal reward as a recipient or a sub-recipient) is encouraged to earn income to defray program costs where appropriate. All non-federal entities in receipt of sub-grants funded in whole or part by HHS must adhere to the requirements of 2 CFR §§ 200.307 and 200.407 concerning program income.

Indirect Cost
Facilities and Administration Classification. For major IHEs and major nonprofit organizations, indirect (F&A) costs must be classified within two broad categories: “Facilities” and “Administration.” “Facilities” is defined as depreciation on buildings, equipment and capital improvement, interest on debt associated with certain buildings,

equipment and capital improvements, and operations and maintenance expenses. “Administration” is defined as general administration and general expenses such as the director's office, accounting, personnel and all other types of expenditures not listed specifically under one of the subcategories of “Facilities” (including cross allocations from other pools, where applicable).

Identification with a Federal award rather than the nature of the goods and services involved is the determining factor in distinguishing direct from indirect (F&A) costs of Federal awards. However, typical examples of indirect (F&A) cost for many nonprofit organizations may include depreciation on buildings and equipment, the costs of operating and maintaining facilities, and general administration and general expenses, such as the salaries and expenses of executive officers, personnel administration, and accounting.

Any non-Federal entity that has never received a negotiated indirect cost rate, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely. As described in 2 CFR § 200.403, costs must be consistently charged as either indirect or direct costs, but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

Any non-Federal entity that has a current federally negotiated indirect cost rate may apply for a one-time extension of the rates in that agreement for a period of up to four years. This extension will be subject to the review and approval of the cognizant agency for indirect costs. If an extension is granted the non-Federal entity may not request a rate review until the extension period ends. At the end of the 4-year extension, the non-Federal entity must re-apply to negotiate a rate. Subsequent one-time extensions (up to four years) are permitted if a renegotiation is completed between each extension request.

Indirect Costs Calculation

Indirect costs are costs that are not readily identifiable with a particular project or activity but are required for operating the organization and conducting the grant-related activities it performs. Indirect costs encompass expenditures for operation and maintenance of building and equipment, depreciation, administrative salaries, general telephone services and general travel and supplies. For federally funded grants, indirect costs are applied in compliance with 2 CFR 200.332.

For locally funded grants, DC Law 23-185, the Nonprofit Fair Compensation Act of 2020 (D.C. Official Code sec. 2-222.01 et seq.) allows a nonprofit organization to (1) apply a federal Negotiated Indirect Cost Rate Agreement (NICRA) to the grant funds and approved budget, (2) negotiate a new percentage indirect cost rate with the District grantmaking agency, (3) use a previously negotiated rate within the last two years from another District government agency, or (4) use an independent certified public accountant’s calculated rate using OMB guidelines.

If the organization does not have an indirect rate from one of the four aforementioned approaches, they may apply a de minimis indirect rate of 10% of total direct costs for locally funded grants and 15% for federally funded grants.

Federal rules always control for federal funding. For federal funding that passes through the District to the grantee, the indirect cost rate must be consistent with federal regulation 2 CFR 200.332.

If the Applicant proposes to use the services of a nonprofit subgrantee or contractor, it must propose to apply the same indirect cost rate to that entity's services. (See Attachment-1. General Terms & Conditions, Establishing and Managing Subgrant, #8)

Client Records (if there are no client services provided, this term is not applicable)

1. The Grantee shall establish and maintain a protocol for maintaining and storing client records that is compliant with the HIPAA security and privacy rules, the Mental Health Information Act (D.C. 2. The Grantee shall provide the Project Director, and other authorized representatives of the DBH access to program evaluators, quality assurance specialists, data management analysts and clinical records as may be necessary for monitoring purposes.

2. The Grantee shall identify an emergency site facility to finish the grant activities in the event that the primary facility becomes unavailable for use due to a catastrophic event.
3. Each facility controlled by the Grantee that is used for activities under the grant shall be accessible to mobility-limited persons consistent with the Rehabilitation Act of

1. The Grantee shall not purchase with grant funds equipment or supplies exceeding $10,000 per unit cost ("Big Grant Purchase") without DBH's prior written agreement.
2. For each Big Grant Purchase, the Grantee shall give advance written notice to DBH to allow DBH to approve or disallow the purchase.
3. Identification of a Big Grant Purchase in DBH-approved proposal constitutes approval of the Big Grant Purchase. If a Big Grant Purchase is not identified in a DBH-approved proposal, advance notice shall be given four (4) weeks in advance of the commitment to purchase. DBH may waive this time period in writing for good cause.
4. Within sixty (60) calendar days of execution of the award, the Grantee must provide the Project Director with an inventory of all equipment and supplies with a purchase price not exceeding $10,000 (per item) purchased with grant funds.

The Grantee shall also communicate a full description of the unusual incident or major unusual incident in writing within five calendar (5) days after the initial report pursuant to the requirements of DBH Policy 480.1A. The Grantee shall not send any communication to DBH regarding an unusual incident or major unusual incident by fax.

Attachment 3 – Program Income and Financial Disclosure

PROGRAM INCOME AND FINANCIAL DISCLOSURE

What is Program Income?

Program income means gross income earned by the non-Federal entity that is directly generated by a supported activity earned as a result of the Federal award during the period of performance. Program income includes but is not limited to income from fees for services performed, the use or rental or real or personal property acquired under Federal awards, the sale of commodities or items fabricated under a Federal award, license fees and royalties on patents and copyrights, and principal and interest on loans made with Federal award funds. Interest earned on advances of Federal funds is not program income.

The Department of Behavioral Health (DBH) requires sub-grantees to identify and document program income on projects/services. The nature of this income must be appropriately documented and the resulting revenue properly recorded. All sub-grantees should be aware of how program income will be used and reported due to a possible impact on the scope of work of the award.

Program income must be utilized in a manner that is allocable, allowable, and reasonable to the project. Expenses that are unallowable on the main project are also unallowable on the program income account.

The DBH Fiscal Monitor will review all budgets and budget modifications and flag any activity/service that has a potential to generate income with the Project Director and sub-grantee. Any flagged activity/service will be reviewed by the fiscal monitor and project director monthly, no less than quarterly with the sub-grantee.

Procedure for Monitoring Program Income:

- Sub-grantee identifies program income activity/service.
- Program income account is established by the sub-grantee.

LIST OF CERTIFICATIONS

1. CERTIFICATION REGARDING LOBBYING

Title 31, United States Code, Section 1352, entitled "Limitation on use of appropriated funds to influence certain Federal contracting and financial transactions," generally prohibits recipients of Federal grants and cooperative agreements from using Federal (appropriated) funds for lobbying the Executive or Legislative Branches of the Federal

Government in connection with a SPECIFIC grant or cooperative agreement. Section 1352 also requires that each person who requests or receives a Federal grant or cooperative agreement must disclose lobbying undertaken with non-Federal (non-appropriated) funds. These requirements apply to grants and cooperative agreements EXCEEDING $100,000 in total costs (45 CFR Part 93). By signing, the Applicant/Grantee is providing certification set out in Appendix A to 45 CFR Part 93.

2. CERTIFICATION REGARDING PROGAM FRAUD CIVIL REMEDIES ACT (PFFCRA)

The undersigned (authorized official signing for the Applicant/Grantee organization) certifies that the statements herein are true, complete, and accurate to the best of his or her knowledge, and that he or she is aware that any false, fictitious, or fraudulent statements or claims may subject him or her to criminal, civil, or administrative penalties. The undersigned agrees that the applicant organization will comply with the Department of Health and Human Services terms and conditions of award if a grant is awarded as a result of this application.

3. CERTIFICATION REGARDING ENVIRONMENTAL TOBACCO SMOKE

Public Law 103-227, also known as the Pro-Children act of 1994 (Act), requires that smoking not be permitted in any portion of any indoor facility owned or leased or contracted for by an entity and used routinely or regularly for the provision of health, daycare, early childhood development services, education or library services to children under the age of 18, if the services are funded by Federal programs either directly or through State or local governments, by Federal grant, contract, loan, or loan guarantee. The law also applies to children's services that are provided in indoor facilities that are constructed, operated, or maintained with such Federal funds. The law does not apply to children's services provided in private residence, portions of facilities used for inpatient drug or alcohol treatment, service providers whose sole source of applicable Federal funds is Medicare or Medicaid, or facilities where WIC coupons are redeemed.

Failure to comply with the provisions of the law may result in the imposition of a civil monetary penalty of up to $1,000 for each violation and/or the imposition of an administrative compliance order on the responsible entity.

The authorized official signing for the Applicant/Grantee organization certifies that the Applicant/Grantee organization will comply with the requirements of the Act and will not allow smoking within any portion of any indoor facility used for the provision of services for children as defined by the Act. The applicant organization agrees that it will require that the language of this certification be included in any sub-awards which contain provisions for children's services and that all sub-recipients shall certify accordingly.

HHS strongly encourages all grant recipients to provide a smoke-free workplace and promote the non-use of tobacco products. This is consistent with the HHS mission to protect and advance the physical and mental health of the American people.
