Section A: Funding Opportunity Description

Background

The District of Columbia Department of Employment Services (DOES) connects District residents, job seekers, and employers to opportunities and resources that empower fair, safe, effective working communities. DOES, a proud partner of the American Job Center, is an equal opportunity employer/service provider. Translation and interpretation services are available upon request to persons with limited or no English proficiency. Auxiliary aids and services are available upon request to persons with disabilities.

DOES prepares District residents for the workforce and connects them to employment opportunities. DOES is dedicated to educating participants about workforce readiness, high-growth industries, career exploration, and academic enrichment. DOES is committed to delivering services to District residents who are underemployed or unemployed as well as work readiness training to prepare them for the expectations of the current and future workplace.

The District receives annual funding under the federal Workforce Innovation and Opportunity Act (WIOA) to support a range of employment and job training activities for District jobseekers and businesses. These services are accessible through the District's American Job Centers (AJC); which are overseen by the District Workforce Investment Council (WIC) and operated by the District.

Scope

DOES, through its Office of Workforce Development, is seeking qualified service organizations to provide innovative ways to serve adults and dislocated Workers as they transition into the Information Technology (IT) workforce. IT is one of the high demand occupations in the District. GRANTEES will serve participants screened and referred by the AJC.

GRANTEES will assist District residents in attaining an industry recognized Information Technology certification and/or credential in one or more of the following areas:

- Microsoft Technology Associate (MTA) Certification
- Microsoft Office Specialist (MOS) Certification
- CompTIA IT Fundamentals (ITF+) Certification
- IC3 Digital Literacy Certification

Program Descriptions

GRANTEE shall deliver the following services to participants via in-person¹ or an approved virtual platform:

¹ If the program is provided in person, GRANTEES shall describe how it will comply with CDC COVID-19 guidelines.

- **Microsoft Office Specialist (MOS)**- credential attainment for those seeking to demonstrate proficiency in using one or more Microsoft Office programs and in deploying Microsoft Office cloud and hybrid solutions. Entrepreneurship credential attainment.
- **Microsoft Technology Associate (MTA)** – certification is an entry-level credential that validates fundamental technology skills and knowledge among jobseekers who are pursuing a career in technology.
- **CompTIA IT Fundamentals (ITF+)** certification is an introduction to basic IT knowledge and skills. ITF+ is the only pre-career certification that helps job seekers to determine if they have a competency for information technology and if it is the right career path for them. ITF+ is the only single certification that covers all areas of IT foundations, creating a broader understanding of IT making it ideal for non-technical professionals.
- **IC3 Digital Literacy Certification** the internet Core Competency Certification (IC3) is the worldwide benchmark to gauge a participant’s understanding of computer systems like hardware, software, firmware, networking, and computer literacy. It is the globally recognized credential that gives student a competitive edge in the job market, as well as confidence and skills validation needed to excel in academics.

Program Requirements

- GRANTEE shall serve participants that are screened and referred by the AJC.
- One week after the beginning of enrollment into the program, GRANTEES shall provide an initial assessment report documenting each participant’s ability to comprehend the curriculum and complete the program, including strategies to address any identified challenges.
- GRANTEES shall facilitate the scheduling, registering and taking of all applicable certification/licensing exams which are applicable to the program.
- GRANTEES shall provide a spreadsheet documenting all participants taking certification and licensing exams, identifying the exams taken, date exam taken, exam results, and certifications or licenses attained. For participants that failed the exams, GRANTEE shall provide a strategy to address the participants’ challenges to passing the exams.
- GRANTEES shall provide monthly progress reports documenting the progress and attendance of all participants enrolled in the program.
- Upon conclusion of the program, GRANTEES shall provide documentation for each participant successfully completing the program. Documentation shall include a program completion spreadsheet accompanied by corresponding certificates of completion for those participants who have satisfied all programmatic requirements.
- At the end of the program, GRANTEES shall provide a program completion spreadsheet that documents all participants who have satisfied all requirements for the program.

Payment will not be remitted for those who do not complete the program.

General Requirements

- GRANTEES shall collect and report statistical information as requested by DOES, including individual-level data on enrollment, participant demographics, specific services provided, and participation in workshops and other program specific related activities and outcomes.
- GRANTEES will be required to participate in ongoing monitoring and evaluation activities led by DOES designated evaluator. These may include technical/virtual site visits, surveys, interviews, focus groups, administrative records review, and other data collection and evaluation strategies.
- GRANTEES shall collect data regarding contact with Limited English Proficient (LEP) and Non-English Proficient (NEP) participants and report this data to DOES Language Access Coordinator on a quarterly basis.
- GRANTEES shall provide interpretation services and translation of vital documents to LEP/NEP customers. All translated materials must have DOES brand and be reported to DOES’ Language Access Coordinator on a quarterly basis.

Section C: Application Format

Applicant Profile

Each application must include an Application Profile, which identifies the applicant type of organization, program service area and the amount of the funds requested.

Applicant Summary

Each application must include an Application Summary. This section of the application must summarize the major components of the application.

Program Narrative

The applicant must provide a full description of how the program will be carried out by responding to the application requirements in Section F. The three (3) main components of the program narrative are:

- Organizational Profile
- Participant Profile
- Program Description

Past Performance

Applicant shall provide any prior awarded contract or grant, evaluations and/or data that would highlight the organization's past performance and capability of successfully completing the stated program requirements.

All applicants must submit past performance forms – using the provided template, “Attachment B”. If the applicant has received a contract/grant from DOES within the past three years, you must submit “Attachment B” for all such completed contracts/grants.

If your organization has not completed any outside contracts or grants for similar work or is unable to provide three completed “Attachment B” forms, your score on this measure will reflect this lack of past performance documentation.

Itemized Budget and Budget Narrative

All applicants must submit an itemized budget and a budget narrative for all funds requested. The budget narrative should serve as an independent document that clearly outlines all proposed expenditures for the grant. Budget narratives must detail how funds will be expended towards the program.

The budget section should also contain assurances that no funds received as a result of this grant will be used to supplant any formula funds dedicated towards the targeted population, administrative efforts, or other regularly occurring activities.

The itemized budget can include the following items:

- Personnel
- Fringe
- Equipment
- Materials & Supplies
- Contractual Services
- Other Direct Costs
- Indirect Costs

Please see Attachment A for definitions of budget items listed above.

Food for staff or participants enrolled in the program is not an allowable expense under this grant.

Section D: Program Narrative

Program Narrative

This section applies to each of the strategic categories and is where you clearly describe your proposed program in detail. Please ensure that you include each of the following:

Organization Profile

- State the mission of your organization.
- Describe the history of your organization (year founded and by whom) and its size (budget and staff).
- Describe the experience your organization and staff have to deliver the proposed program.

Participant Profile

- Describe how your programming is designed to provide quality service outlined within this RFA.
- Describe your experience working with adults and dislocated workers. Describe the anticipated challenges and the strategies to overcome them.

Program Description

- Identify and describe how your organization will deliver the desired service. (See Section A). Describe how your organization has historically provided programming or services, including the use of an in-person and virtual platform, if applicable.
- The extent to which the applicant has provided a description of virtual platform where program activities will be carried out.
- Describe how your organization will meet the performance deliverables outlined in this RFA. What specific activities, strategies, and projects will participants be engaged in throughout the program?

Section E: Application Review and Scoring

Review Panel

A review panel will be composed of a minimum of three individuals who have been selected for their unique experience and expertise in workforce and business development, data analysis, evaluation of programs and past performance, and social services planning and implementation. The review panel will review, score, and rank each application using the Technical Rating Scale in Table 1 against the established Scoring Criteria in Table 2

Table 1: Technical Rating Scale

Technical Rating Scale		
Numeric Rating	Adjective	Description

0	Unacceptable	Fails to meet minimum requirements, (e.g., no demonstrated capacity); major deficiencies which are not correctable; Applicant did not address the factor
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable
3	Acceptable	Meets requirements; no deficiencies
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all, requirements; no deficiencies.

The technical rating is a weighting mechanism that will be applied to the point value for each scoring criterion to determine the applicant’s score for each criterion. The applicant’s total technical score will be determined by adding the applicant’s score in each scoring criterion. For example, if a scoring criterion has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, and the District evaluates the applicant’s response as “Good,” then the score for that criterion is 4/5 of 40 or 32.

Scoring Criteria

The review panel will review all applications that pass an initial internal checklist of required application components. Responsive applications will be evaluated strictly in accordance with the requirements stated in this RFA.

Each reviewer will independently review and objectively score applications against the specific scoring criteria outlined in Table 2, based on a 100-point scale.

- Organization Profile 10 points
- Participant Profile 20 points
- Program Description 40 points
- Past Performance 15 points
- Budget and Budget Narrative 15 points
