SECTION 1. GENERAL INFORMATION

1.1 Mission

The Office of the Deputy Mayor for Planning and Economic Development (DMPED) assists the Mayor in the coordination, planning, supervision, and execution of economic development efforts in the District of Columbia with the goal of creating and preserving affordable housing, creating jobs and increasing tax revenue. DMPED pursues policies and programs that assist in meeting the focus areas listed in the District's Comeback Plan: (1) Thriving People; (2) Opportunity-rich Neighborhoods; and (3) Successful Businesses.

1.2 Introduction and Purpose of Grant

The Office of the Deputy Mayor for Planning and Economic Development ("DMPED") invites the submission of applications ("**Applications**") from qualified organizations for the FY24 Downtown Recovery Grant Program ("**Downtown Recovery Grant Program**" or "**Program**"). The purpose of the Program is to support businesses opening or expanding in commercial spaces in the Downtown DC Business Improvement District ("**Downtown BID**") and the Golden Triangle Business Improvement District ("**Golden Triangle BID**").

The purpose of the Program is to provide grants to support the construction and operation of business enterprises that are locating or expanding in commercial spaces in the Downtown BID and in the Golden Triangle BID that have been vacant for at least six months ("**Project**"). The Program will incentivize businesses to locate and expand in these neighborhoods that are experiencing high commercial vacancy and reduced foot traffic. The Program will provide grants to cover the costs of building out a new space and operating a business in the space. For the purposes of the Program, a space is considered vacant if it existed and was available for occupancy but was not occupied as of July 26, 2023, which is six months prior to the release date of this RFA ("**Vacancy Date**").

1.3 Source of Funds

The Program will be funded pursuant to the Deputy Mayor for Planning and Economic Development Limited Grant-Making Authority Act of 2012, effective September 12, 2012 (D.C. Law 19-168; D.C. Official Code § 1-328.04(hh)).

1.4 Available Grant Funding

The total amount of funding available is \$3,000,000.00. An applicant can request up to \$3,000,000. DMPED anticipates making 3-5 awards under this Program.

1.5 Competition for a Grant Award

This RFA is competitive. Each applicant must demonstrate its ability to carry out the activities for the grant for which it applies. A technical review panel will evaluate the Applications for each grant according to the stated list of criteria in the proposal description.

Specifically, grant awards will be made based on eligibility set forth in Section 3.2, the extent to

which the proposed proposal fits within the scope and available funding of the grant, strength of the application, and the organization's capacity to achieve the grant's goals.

1.6 Conflicts between RFA and Applicable Law

If any requirement of this RFA conflicts with a provision of any applicable law, including a District or federal law or regulation, the applicable legal provision shall control.

1.7 Period of Performance

The period of performance for the grant will begin from the effective date of the grant agreement through September 30, 2025. Successful applicants must expend all grant funds from the effective date of the grant agreement through September 30, 2025. **The District's financial obligation runs from the date of execution of the grant agreement through September 30, 2024.**

1.8 Disbursement of Grant Funds

Grant funding will be disbursed to the successful applicant based on award amount following execution of a grant agreement. It is anticipated that funds will be disbursed in tranches. All grant funds will be disbursed by September 30, 2024. Disbursement requirements will be outlined in the executed grant agreement.

1.9 Grant Monitoring

In its sole discretion, DMPED may use several methods to monitor the grant, including monthly reviews of progress, review of performance planning, engagement efforts, site visits, data collection, or other methods set forth in a grant agreement. At any point, the grant is subject to a performance or financial audit.
