SECTION 3: BACKGROUND & PURPOSE

3.1 Background

In today's evolving landscape, traditional career pathways may not suit everyone. Instead, entrepreneurship offers a compelling alternative that allows individuals to leverage their creativity, skills, and passions to create their own opportunities. Entrepreneurship offers some of the following:

- **Flexibility:** Entrepreneurs have the freedom to design their own work schedules and environments, making it easier to balance personal and professional responsibilities.
- **Innovation:** Starting a business encourages innovative thinking and problem-solving, empowering individuals to address unmet needs in their communities.
- **Financial Independence:** While entrepreneurship carries risks, it also offers the potential for significant financial rewards and self-sufficiency.
- **Community Impact:** Many entrepreneurs focus on social enterprises that aim to solve community challenges, contributing to social equity and economic development.
- **Personal Growth:** The entrepreneurial journey fosters resilience, adaptability, and a broad skill set, preparing individuals for various challenges.

3.2 Purpose

The goal of the MBYLI Futurepreneurs program is to introduce District youth to business, financial literacy, and entrepreneurship. This initiative empowers participants to explore the world of entrepreneurship and build a foundation for future success. The program is designed to equip youth with the knowledge, skills, and confidence necessary to pursue their own entrepreneurial ventures or excel in the business world through innovation, leadership, or strategic thinking.

In addition to fostering business acumen, MBYLI Futurepreneurs seek to cultivate essential life skills such as problem-solving, resilience, and adaptability—qualities that are crucial in both business and everyday life. By providing a diverse range of learning experiences, from classroom instruction to real-world applications and international exposure, the program aims to inspire the next generation of leaders, innovators, and change-makers. Over the course of the program, participants will engage in hands-on learning opportunities focused on key areas such as entrepreneurship, public speaking, sales and marketing, financial literacy, leadership, business plan development, and grant writing.

Participants will not only acquire practical skills but also gain the confidence to articulate their ideas, pitch their business plans, and network with industry professionals. The review panel will review, score, and rank each application using the Technical Rating Scale in Table 1 against the established Scoring Criteria in Table 2.

7.2 Technical Rating Scale

Indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. The five review criteria are outlined below.

Table 3: Technical Rating Scale

Numeric Rating	Adjective	Description
0	Unacceptable	Fails to meet minimum requirements, (e.g., no demonstrated capacity); major deficiencies which are not correctable; Applicant did not address the factor
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable
2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable
3	Acceptable	Meets requirements; no deficiencies

4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all, requirements; no deficiencies.

The technical rating is a weighting mechanism that will be applied to the point value for each scoring criterion to determine the applicant’s score for each criterion. The applicant’s total technical score will be determined by adding the applicant’s score in each scoring criterion. For example, if a scoring criterion has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, and the District evaluates the applicant’s response as “Good,” then the score for that criterion is 4/5th of 40 points or 32 points.

7.3 Scoring Criteria

The review panel will review all applications that pass an initial internal checklist of required application components. Responsive applications will be evaluated strictly in accordance with the requirements stated in this RFA.

Each reviewer will independently review and objectively score applications against the specific scoring criteria outlined in Table 2, based on a 100-point scale.
