

Frequently Asked Questions (FAQ)

HealthySteps Program

RFA# CHA_HSP_12.2.22

1. **Question:** The RFA states an organization must serve a target population of 50% Medicaid-eligible families and demonstrate the capacity to provide HealthySteps to 250 patients annually. If the applicant does not serve 250 families, does this make them ineligible?

Answer: No, the applicant is not ineligible if they do not serve 250 families but should show potential to serve that amount.

2. **Question:** The RFA states services must be delivered in Wards 5, 7, or 8 in a primary care setting. Can applicant provide services to other Wards (Clusters)?

Answer: Yes, the applicant must identify the need in the Wards and Clusters they intend to serve.

3. **Question:** The RFA states that participation in DC Health's ASQ HUB through Brookes Publishing is encouraged. Should the fee for the ASQ Enterprise account be included in the budget?

Answer: Applicants should plan to cover the cost but can negotiate during the negotiation process if awarded and pending availability of funds.

4. **Question:** Which screenings are required?

Answer: Refer to page 14-15 for recommended screenings. In particular, the ASQ-3/ASQ-SE-2 or the SWYC are required in addition to the PHQ-9.
