DEPARTMENT OF ENERGY AND ENVIRONMENT
NOTICE OF FUNDING AVAILABILITY

2022 Small and Accessible Sustainability Grant Program

The Department of Energy and Environment (the Department) seeks an eligible entity to manage small subgrants for the Department. Through these subgrants the Department seeks to provide District of Columbia entities, including non-profits, public and charter schools, and certain businesses, modest funding   to advance District sustainability goals that the grants' funding sources require. For the first year of funding these include reducing waste and supporting urban agriculture.   The subgrants emphasize the support of small, new, and/or historically-excluded (SNHE) entities. The amount available is $483,452.
