7.2 Technical Rating Scale

Indicators have been developed for each review criterion to assist the applicant in presenting pertinent information related to that criterion and to provide the reviewer with a standard for evaluation. The five review criteria are outlined below.

Table 3 : Technical Rating Scale

Numeric Rating	Adjective	Description
0	Unacceptable	Fails to meet minimum requirements, (e.g., no demonstrated capacity); major deficiencies which are not correctable; Applicant did not address the factor
1	Poor	Marginally meets minimum requirements; major deficiencies which may be correctable

2	Minimally Acceptable	Marginally meets minimum requirements; minor deficiencies which may be correctable
3	Acceptable	Meets requirements; no deficiencies
4	Good	Meets requirements and exceeds some requirements; no deficiencies.
5	Excellent	Exceeds most, if not all, requirements; no deficiencies.

The technical rating is a weighting mechanism that will be applied to the point value for each scoring criterion to determine the applicant’s score for each criterion. The applicant’s total technical score will be determined by adding the applicant’s score in each scoring criterion. For example, if a scoring criterion has a point value range of zero (0) to forty (40) points, using the Technical Rating Scale above, and the District evaluates the applicant’s response as “Good,” then the score for that criterion is 4/5th of 40 points or 32 points.

7.3 Scoring Criteria

The review panel will review all applications that pass an initial internal checklist of required application components. Responsive applications will be evaluated strictly in accordance with the requirements stated in this RFA.

Each reviewer will independently review and objectively score applications against the specific scoring criteria outlined in Table 2, based on a 100-point scale.

- Organization Profile 10 points
- Participant Profile 20 points
- Program Description 40 points
- Past Performance 15 points
- Budget and Budget Narrative 15 points
